

To all Members of Westboro Branch 480 and our friends:

This year, 2020, has been very difficult for everyone for many reasons; the worst being the constant stress, social restrictions, & deaths caused by the worldwide pandemic of covid-19.

However, the long-awaited vaccines have now been created & are being administered. There is tangible hope for a better future in 2021.

In the meantime, consider the restrictions created to keep everyone safe, & stay within them for the time being to ensure a return to happier times. Loving & caring are still everywhere. We are still allowed to celebrate the holidays with people we love; just not as many of them at the same time as usual. Life is still good!

*The Executive Committee join me in wishing you all a very
Merry Christmas and a Happy New Year!*

STAY SAFE & HEALTHY

**Evelyn Brunton
President
Westboro Branch 480**
