

IMPORTANT!

To all members of branch 480:

Please join us for our next General Meeting on May 23, 2017 at 7:30pm, where we will be voting on the new fiscal year's budget. Your vote will help to decide the future of the Westboro Legion.

Be heard, be there!

CANADA 150
1867-2017

Our home, our land, our Canada!

Celebrate Canada's 150th birthday with us!

Show us what you love about this incredible country of ours by submitting your favourite photo of Canada.

Beginning on June 5th, 2017, and on subsequent Mondays, until July 31st, 2017, we will publish *your* favourite pictures of Canada on this website.

You need not be a Legion member to make a submission.

NOTE: We can only accept electronic photos in JPEG format, which is an image with the file extension of .jpg or .jpeg. The JPEG file format is universal. JPEG files can be opened and viewed in almost all image viewing applications. The JPEG format is also compatible with all printers, allowing users to print JPEG files directly from the viewing application without having to change its format and is compatible with practically every photo-editing software. Often JPEG is set as the default file format for digital cameras.

We require a photo that is at least 1,350 pixels x 1,350 pixels in dimension so that we can have good resolution for publishing your image to our website.

Do not use software that increases the size of a photo. If a photo is smaller than 1,350 pixels, you cannot increase the resolution. Doing so will cause the photo to pixelate and become blurry.

You may submit your photo to photo@rcl480.com. Please provide a short description of your picture, i.e. Place taken, subject matter etc.

We reserve the right to reject any image, which, in our opinion, is not suitable for publication on this website.
