

New Westboro Legion President: effective July 1, 2021

After serving as Branch 480 president for the past 25 months, Evelyn Brunton has had to resign to take care of her health. We thank her for all she has done in so ably representing our branch at all Legion levels from Zone G-5 up through Dominion Command, for helping keep the branch in good financial shape, and more.

As of July 1, Greg Murphy (currently 1st Vice-President) will move up to branch president. Brian Cooper will move up to 1st Vice-President and Donald (Ducky) Cardiff will become 2nd Vice-President. They will remain in those positions until the branch is allowed to have an election. Since Legion rules say elections must be held at a branch general meeting and that these meetings can be held only when every member is allowed to attend, it may be some time before Branch 480 can have a General Meeting/Election

Our branch remains closed through stage 2 of Ontario's reopening plan, which is expected to last for at least three weeks starting on June 30. The next step is stage 3, and as of now, we do not have a firm start date nor any information on the restrictions we may face then, including the number of people who can be at the branch at any one time.
